TASK 1

You have read about the *Green Star Schools* program on the website of the movement.

Green Star Schools Program

The purpose of the Green Star Schools Program is to honour, support, and recognize the important work that teachers, schools, and districts are doing to advance environmental sustainability and take action to reduce the school's environmental footprint.

Choose among these seven Environmental Pathways to focus your work and activities:

- Energy Conservation & Renewables
- Waste Reduction & Recycling
- Toxics Reduction & Indoor Air Quality
- Transportation & Outdoor Air Quality
- Water Quality & Conservation
- Green Schoolyards
- Healthy Food

Join the Green Schools Program!

Adapted from <http://www.greenschools.net/>

Write an article for your school magazine in which you make some suggestions in order to become a Green School. Include the following:

- why you think reducing the school's environmental footprint is essential,
- what actions the school community (the classes, the staff, the parents) should take,
- how individual students could contribute.

Write your article in 120-150 words.

TASK 2

You have read the following advice on making friends online in a blog.

Making friends online is not hard.

If you want to build friendships, my advice to you is to get yourself out there. Start posting on forums, tweeting, skypeing and simply connecting with others.

You'll be making great friends in no time!

What about you?

What are your thoughts and experiences with online friendships?

Please share in the comment section below :-D.

All the best 😊
